

Features:

1. Powerful 3528 Top SMD LED diodes as lighting sources
2. Available in Cool White (5900~6500K) and Warm White (2900~3100K)
3. Input Voltage 12VDC or 24VDC
4. Can be cut by 3 LED (12VDC) and 6 LED (24VDC)
5. Can be connect again by strip jointer
6. 3M adhesive tape on back easy for installation
7. Waterproof (IP67) is available.

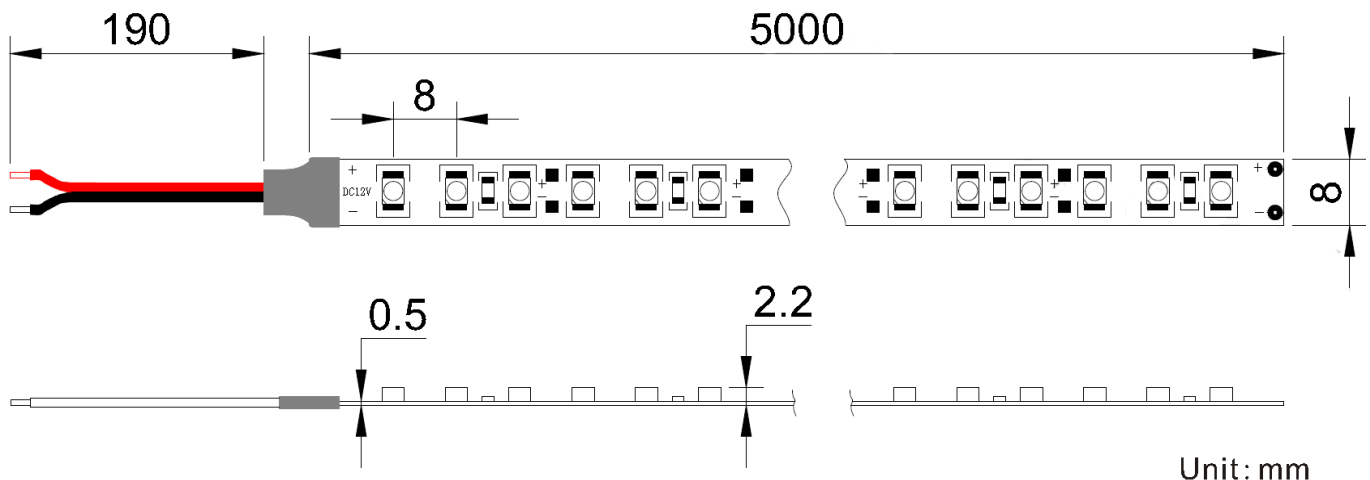

Application

- Saloon, Art display lighting.
- Domestic Lighting
- Exhibitions ,Fashion Shops outlets Etc.
- Architectural, Commercial application.
- Shopping Centres.
- Hotel, Conference halls.

Specifications

Product Code:	PRI-GL-HP-90	Colour Temperature:	CW (5900~6500K)
Input Voltage:	12VDC/24VDC		WW (2900~3100K)
Max. Power Consumption:	96W	CRI:	>85
LED QTY:	600	Weight:	200g/Roll
Flux (15%):	600 X 10 lm	Working Temperature:	-30°C~+50°C
View Angle:	100°	Working Humidity:	10%~90%RH
Light Output (15%):	600 X 4000MCD		

Dimensions

Width of Waterproof strip: 10mm
