

Features

1. Wide applicability, easy installation and maintenance.
2. Super small can be fitted in 10mm channel.
3. Extremely luminous with wide view angle.
4. Energy saving and environmentally friendly.
5. Operating low voltage 12VDC.
6. High output and low power consumption.
7. Easy installation by 3M adhesive tape on the back.

Application

- Commercial application.
- Domestic Lighting
- Decorative
- Solid lighting character
- Advertising signs

Specifications

Product Code:	PRI-MINI-MOD	Lighting Source:	SMD3014
Power Consumption:	0.3W	Quantity of LED	3
Voltage:	12VDC	Wire:	UL1007 20#100mm
View angle:	120°	Work Temperature:	-20°C ~ +60°C
Luminous Flux:	28lm	Storage Temperature:	-40°C ~ +80°C
Standard length a series:	20pcs/series	Module's Centre distance:	70mm
Waterproof:	IP65	Max. Pcs one connection:	20pcs
