

Features

- Powerful commercial grade LED bar, the Prisma LED SKYLIGHT ranging from 90W-150W, high Power Factor, an excellent Colour Rendering Index of 82, high quality LGP diffuser for smooth non-glare output distribution, smooth dimmable, and designed for long lifespan.
- Osram 1.5W 150mA Duris 5 Chip operating at only 20% of its total capacity, driven only at 30mA per diode.
- Pure Aluminium casing for maximum heat dissipation & style.
- Multiple Protections - no stroboscopic effect or glare, cold starting.
- Can be ordered with a wide range of wattages & view angle lenses.
- The ultimate replacement for metal halogen, mercury, sodium and incandescent lamps for Office, Warehouse, Shopping Centre, School and other commercial purposes.
- Fully certified.

Application

Suitable for open ceiling or high bay installation:

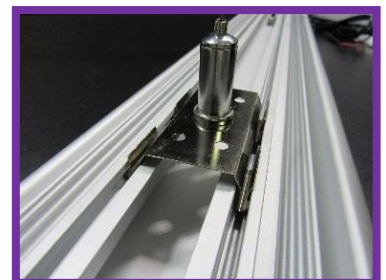

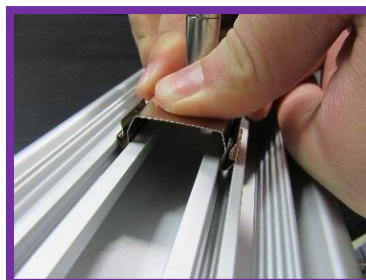

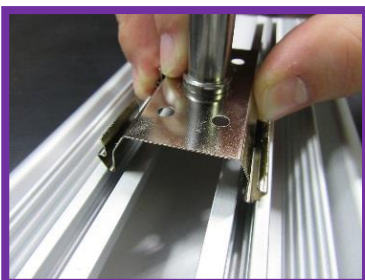

- Factories & Offices
- Commercial Purposes
- Shopping centres & Supermarkets
- Showrooms
- Warehouse – High-bay & Low-bay
- Schools, Colleges & Universities

Specifications

Input Voltage: 240VAC
 Operating Current: 0.5A
 Power Factor: >0.95
 Colour Rendering: >82
 Housing Material: Aluminium
 LED QTY & Type: 576 Diodes Osram 1.5W Duris 5 (120W)
 Dimming: Clipsal Universal, Leading Edge & C-BUS
 IP Rating: IP44
 Working Temperature: -20°C ~ +50°C

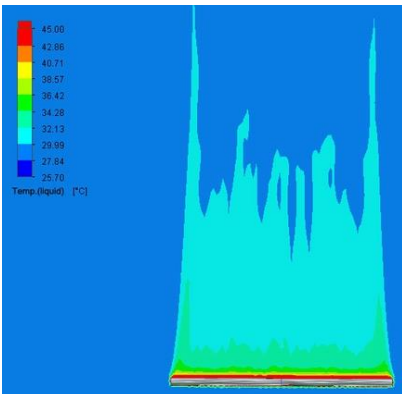

Wattages: 90W, 120W, 150W
 Luminous Flux: 9000lm (90W)
 12000lm (120W)
 15000lm (150W)
 Dimensions: 900X120X50mm (90W)
 12000 X120X50mm (120W)
 15000 X120X50mm (150W)
 Install Method: Wall Mount or Suspended
 Net Weight: 3.8Kg

Mounting Installation

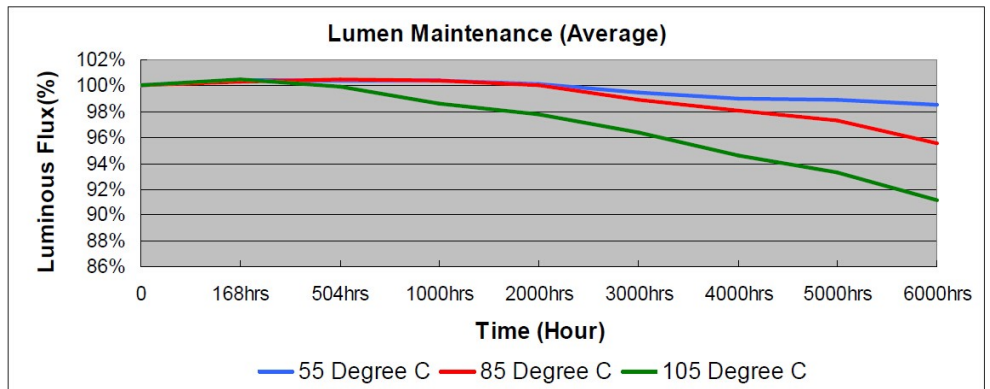

Testing Report

Excellent Heat Dissipation
