

Features

1. Powerful 72~120pcs of high power 3014 SMD LED diodes as lighting sources.
2. Great output up to 1300lm.
3. Available in other light base.
4. Available in Cool white (5800~6400K) and Warm white (2800~3300K)
5. Aluminium Body with PC lens.
6. View angle 120°/140°
7. Environmentally friendly, energy saving and high light efficiency. No hazardous materials content.
8. No UV or IR radiation.

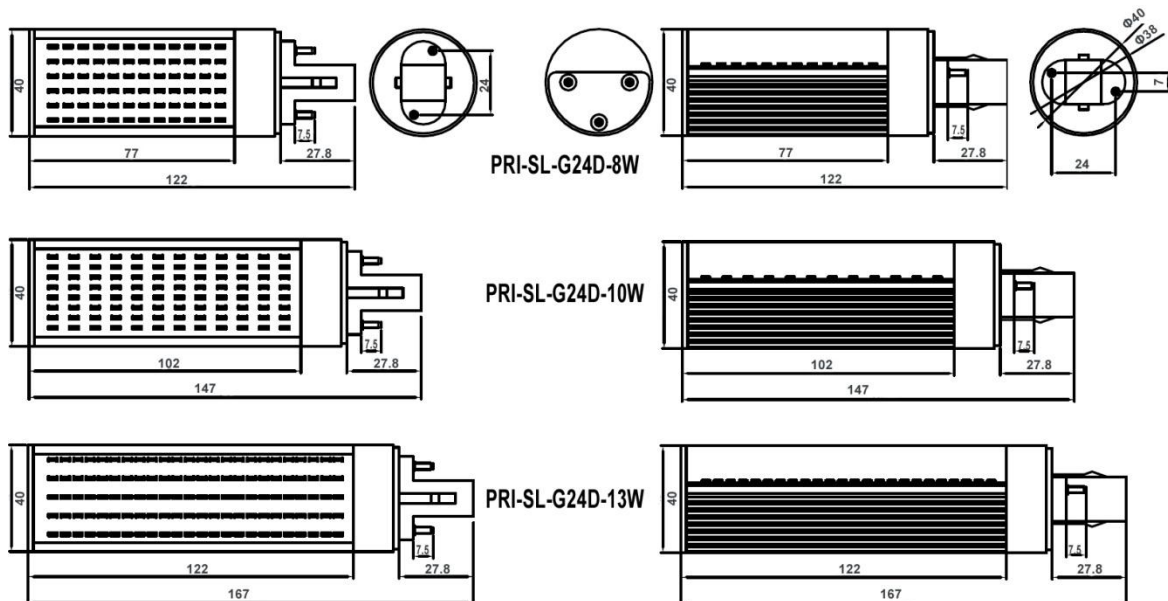

Application

- Commercial application.
- Domestic Lighting
- Decorative
- Architectural
- Cove Lighting

Specifications

Product Code:	PRI-G24D-8W/10W/13W	LED quantity:	72 pcs (8W) 96 pcs (10W) 120 pcs (13W)
Power Consumption:	8W/10W/13W	Colour Temperature:	CW (5800~6400K) WW (2800~3300K)
Voltage:	240VAC	Colour rendering index:	>70Ra
Base Type:	G24D/E27	Environment Temperature:	-25°C ~ 40°C
Luminous Efficiency:	110lm/W	Environment Humidity:	<95%
Luminous Flux:	650~750lm (8W) 850~950lm (10W) 1100~1300lm (13W)	Housing Material:	Aluminium Alloy
View angle:	120°/140°
